

FAQ'S

Will roof top solar eliminate my power bill?

NO, you are trading a lower solar payment for your utility payment.

What about my roof?

Our 25 year warranty covers your roof anywhere It Interacts with solar panels, racking, piping, or meter boxes.

Does solar effect my homes resale value

It Depends, only systems that are purchased (cash or financing) can be Included In the homes value and assumed when the home Is sold. Leased solar can be a hassle for new buyers and leased solar does not figure In to the homes value.

Can I wait to go solar?

Yes, However the marketing program Is only available for a limited time.

Am I guaranteed to be a marketing home?

No, A marketing home usually meet high standards of success. We believe solar Is a good fit for most everyone but our marketing homes have to meet high standards of success for their solar experience.

Is there a cost associated with a marketing home?

Not to you! Light City has a marketing budget that Is spent on our marketing home clients. We want to ensure that our marketing home clients have out of this world success so that we can market your home. This Is the where we spend a large portion of our marketing budget.
